

The striking pop star Ciara graces our cover this issue, as captured by photographer Alexis Dahan. This songstress is not just beautiful and talented but a joy to be around – our shoot at The Plaza was both creative and playful. Also in this issue, you will encounter Subversive Jewelry, a line that truly reflects its rebellious name through an unwavering willingness to color outside the lines of traditional fashion.

As you've come to expect, our editorial staff delivers the best coverage you could hope for in Accessories, Beauty, Weddings and Health. And, of course, you will see dozens of photos from the most exciting events of the summer social scene.

As always, we at Social Life aim to delve and divert, to reveal and revel.
